Commercial KTV Diagram

In order to serve both small groups and big parties, using different classes of systems will save your money while provides the service in the right price-cost rate. We recommend the following configure for small room as shown left.

Speakers:
CS-250 (Front)

Amplifier:
DX-213

The large room must be able to provide enough power to rock the parities. Our recommend system can blast 800W of power and blow you away without alcohol.

Speakers:
CS-612 (front)
CS-206 (Rear)

Amplifier:
DX-388 G2
